Strategic Plan

The five goals of the Oregon Arts Commission's plan are below, the complete version of plan is available on our website

www.oregonartscommission.org/booklets/Oregon_Arts_Commission_Plan_Booklet

- Make the programs of the Oregon Arts Commission accessible to artists and arts organizations to enhance the quality of life for all Oregonians.
- To advance the essential role that the arts play in supporting the economic vitality of Oregon.
- To stimulate opportunities for Oregonians of all ages to pursue learning in and through the arts.
- To advocate and communicate the value that artists and arts organizations bring to Oregon.
- To improve the efficiency and effectiveness of the Oregon Arts Commission to better serve artists, arts organizations and client agencies.

Purpose of Career Opportunity Grants

The Oregon Arts Commission's (OAC) Career Opportunity Grants support individual Oregon artists by enabling them to take advantage of timely opportunities to enhance their artistic careers.

This program does not support the creation of new artwork, unless it is explicitly linked to an opportunity as described in these guidelines. The Oregon Arts Commission also offers an Individual Artist Fellowship Program, which honors professional artists for their artistic achievements and supports their efforts in the creation of art. For more information visit our website at: <http://www.oregonartscommission.org/grants/individual-artist-fellowship>

The Career Opportunity grant program recognizes and supports artists from artistic disciplines listed below, as long as all eligibility requirements are met and applications are recommended for funding.

Artistic Disciplines:

- Literature (creative non-fiction, fiction, play writing and poetry)
- Dance including choreography
- Music composition, music performance
- Theatre and performance art
- Visual Arts (crafts, drawing, painting, photography, printmaking, sculpture, mixed media, and new media)
- Design Arts
- Film/Video

Each eligible application is evaluated by a multidisciplinary panel of arts professionals using the published review criteria. The scores from that panel determine if an application will be funded and at what amount.

Priority will be given to activities that respond to an **external** opportunity (such as an invitation to a competitive residency, exhibition or relevant training). Self-directed opportunities such as the creation of a new body of work without a confirmed external opportunity are unlikely to be competitive.

The grant program is open to both emerging and established artists. Emerging artists are expected to show some history of publication, exhibition or performance that was juried, programmed, or edited by an individual other than the applicant.

Artists from underserved communities, including (but not limited to) rural communities and communities of color, are especially encouraged to apply.

Below are examples of opportunities for which artists may request support. These activities must be associated directly to the opportunity that is imminent and specifically enhance your professional artistic career.

- Travel associated with an external opportunity (i.e. performance, exhibition, or residency, etc.)
- Preparation, freight and or shipping costs for materials to support an external opportunity
- Materials to complete work scheduled for a gallery exhibition, performance or publication
- Expenses associated with an exceptional learning environment, such as residency, or intensive study with a recognized master/mentor. *Note: degree bearing programs are not eligible*
- Professional fees and services to support or document an activity, such as a videographer
- Rental fees, including equipment, instruments, or facility which support an external opportunity
- If you feel your project does not directly fit in one of the above categories, please contact david.huff@oregon.gov to discuss.

Additional Funding Opportunities: The Ford Family Foundation's Career Opportunity Funding (for Established Visual Artists) and The Oregon Community Foundation's 2017 Special Projects Funding (for Established Performing and Literary Artists)

The Ford Family Foundation and The Oregon Community Foundation, in partnership with the Oregon Arts Commission, provide additional resources available to established Oregon artists who have an unanticipated major career enhancing opportunity. This support will fund activities that provide an opportunity to aid in significantly advancing the exploration, creation, production or exhibition of an established artist's work.

For Established Visual Artists seeking additional funds from The Ford Family Foundation's Career Opportunity Funding:

In addition to the eligibility requirements listed above, applicants seeking additional funding must be practicing *Oregon visual artists* who meet the following criteria:

- Are currently producing work in the fields of visual arts or contemporary craft (*OAC Codes 05, 07 and 08*)
- Domiciled in Oregon for 36 months prior to the application deadline
- Are 30 years of age or older at the time of application
- Have evidenced, through appropriate documentation, seven (7) or more years of active professional participation in the field of visual art

For Established Performing or Literary Artists seeking additional funds from The Oregon Community Foundation's 2016 Special Projects Funding:

In addition to the OAC Career Opportunity Grant eligibility requirements listed above, applicants seeking additional funding must be practicing *Oregon performing or literary artists* who meet the following criteria:

- Are currently producing work in the fields of performance (including, but not limited to, music, theatre or dance) or literature (*Discipline Codes 01, 02, 03, 04 or 10*)
- Domiciled in Oregon for 36 months prior to the application deadline
- Are 30 years of age or older at the time of application
- Have evidenced, through appropriate documentation, seven (7) or more years of active professional participation in the field of performance or literary art

Artists that meet these additional eligibility requirements are invited to apply for a grant award of up to \$9,000. Grants awarded to artists may include funds from both the Oregon Arts Commission and either The Ford Family Foundation or The Oregon Community Foundation. Limited resources necessitate that not all eligible applicants will receive funding.

Established artists requesting funds from The Ford Family Foundation or The Oregon Community Foundation must contribute some portion of their own resources for the activity, and indicate so in the application's Revenue section.
